THEATRE AND DANCE

BACHELOR OF ARTS
MINOR
SUBJECT MATTER PROGRAM
CERTIFICATE
MASTER OF LIBERAL ARTS

PROGRAM DESCRIPTION

Theatre
The CSUS Theatre Concentration is committed to intensive training in the areas of Performance, Scenography, Puppetry/Youth Theatre, Ethnic Theatre, Playwriting, Dramatic Literature, History, and Criticism. The Concentration is designed to offer breadth and depth, and is fully accredited by the National Association of Schools of Theatre. The faculty and staff, having national and international experience, comprise the Theatre Concentration.

Dance
Majors in the Dance Concentration receive in-depth training in dance technique, performance, production, choreography, theory, dance history and dance education. Offering a comprehensive program of study, the Dance Concentration starts with the basic principles of dance technique and refines them through the choreographic and theoretic processes, culminating in the creation of full-scale concert productions. Students in the program are involved at every level of the creative process.

Graduates with the Concentration in Dance can pursue careers in dance performance and choreography. The program also provides a strong foundation for graduate study in dance performance, choreography, cultural dance forms and/or dance education. Graduates of the CSUS Dance Program currently serve in every area of dance education from studios and grade schools to colleges and universities. Other graduates have successfully pursued careers in dance performance, musical theatre and choreography.

FEATURES

Theatre
An extension of our academic program is our excellent program of theatrical productions. Each year we offer six major productions and some twenty minor productions of one-acts, master’s thesis productions, originals, touring shows, puppet productions and reader’s theatre all of which provide an excellent showcase for the student of Theatre at CSUS. Physical facilities for these productions include the University Theatre for proscenium productions, the Playwright’s Theatre for original and experimental productions, and the Studio Theatre for student-directed productions. Included in the program are African American and Chicano/Latino Theatre productions that make this department unique in the State University System.

Dance
Dance Concentration majors have the opportunity to perform as members of Jazzee Dance Company, the regionally acclaimed student dance company established at the University in 1978. Company members participate in all aspects of producing and presenting dance, from creating and performing the choreography to designing and implementing the production and promotional aspects of the concerts. Company programs are produced at the campus’ state-of-the-art dance performance studio.

Through internships, Dance Concentration majors are given the opportunity to work with professional dance companies on concerts produced at the campus. Each year, at least one regional professional company is in residence at the campus and the program invites nationally acclaimed guest artists to provide workshops for the majors.

Students may also take advantage of internships that allow them to teach and/or choreograph for student companies at area high schools and dance studios.
